

At Pine Tree Camp, children with developmental and physical disabilities experience freedom, independence and life-changing experiences through barrier-free access to the outdoors and connection with peers.

-  Fully accessible campus features hundreds of acres and dozens of opportunities for kids to be outside and active.
-  Being outside in nature gives kids a leg up for learning: The chance to explore and try new things enhances motor development and curiosity and increases self-esteem and social connectedness.
-  Program staff and consulting OTs and SLPs seamlessly support individual camper needs so they can fully participate in anything they would like to try.
-  Maine's only American Camp Association-accredited camp for people with disabilities.
-  No camper is ever turned away due to their inability to pay the tuition.
