THE MAINE SHARED CHNA

The Maine Shared Community Health Needs Assessment helps turn data into action so that Maine will become the healthiest state in the U.S.

Learn more about the Maine Shared CHNA here: <https://www.mainechna.org>

The Maine Shared CHNA is made possible through the support and collaboration of our signatory partners: Central Maine Healthcare, Maine Center for Disease Control and Prevention, Maine Community Action Partnership, MaineGeneral Health, MaineHealth, Northern Light Health, and our countless community partners.
