Home fires, floods and damaging wind and storm surge are becoming more frequent and can be devastating to our businesses and communities.

This workshop is designed for small business owners to learn about the resources from the American Red Cross that can help you prevent, prepare for and respond to disasters in Washington County that may impact your business, your community and your family.

We will walk through the Red Cross Ready Rating program to improve your level of preparedness and how to utilize this free tool to create a customized Emergency Response Plan for your small business or organization.

Participants can also learn about the free Be Red Cross Ready program that is available for your employees.

Please feel free to bring your lunch or a snack and enjoy a dessert from Crows Nest Bakery.

We are excited to partner with the Machias Bay Area Chamber of Commerce, MaineStreet Business Building and Sunrise County Economic Council.
