

The College Access Partnership

Are you interested in going to college but you:

- have no idea how to get started?
- work and do not know if you have time?
- do not currently have transportation?
- think you may be too old?
- don't know what to study?

Courses are 100% online and asynchronous. Register now and we will help you get started as well as support you along the way to ensure your success!!

Washington County Community College is offering YOU a risk-free opportunity to begin your college career.

1

Welcome Session & Computer Basics

02/06/2025

1:30PM - 3:30PM

Maine Seacoast Mission Administration Building

Computer Basics provides an introduction to computer operation including start up and shutdown, basic programs, email, document upload, and internet fundamentals as well as accessing WCCCs portal and BrightSpace.

2

Remote Essentials for Professionals

02/07/25-02/14/25

This course gives learners the tools to be effective, healthy and productive remote and hybrid employees. It covers the essential tools to maintain health and wellness, assess your readiness for remote employment, communication, teamwork and using remote tools.

3

First Year Experience

02/10/25 - 03/14/25

Earn 1 college credit

Students will actively and deliberately engage in the requirements of their transition into college. This seminar focuses on how to succeed. Particular attention will be paid to navigating the college environment, expectations of the institution, individual learning style, career development, academic strategies, community building, time management and time theft.

4

Intro to Psychology

03/17/25 - 05/09/25

Earn 3 college credits

This course is an introduction in the discipline of psychology. The student will be able to define and describe the science of psychology and demonstrate knowledge of theoretical issues, psychological processes, and mechanisms of behavior.

5

Entrepreneurship

05/12/25 - 07/04/25

Earn 3 college credits

This course is designed to bring out the required attributes of an entrepreneur. Students will be introduced to the skills and strategies relevant for start-up and early stage entrepreneurs and will consider business-planning, self-assessment, idea generation, and operating strategies required to set up a small business.
